Modern Art in Ramsgate

On July 7, 2024,

61 ThG pioneers from ninth grade set out with 4 teachers on their maiden voyage to Broadstairs. Their goal was to investigate a brand-new school trip in the southeast of Merry Old England.

They stayed in British host families, were taught by native-speaking English teachers, and enjoyed beach life, parties, games, and sports activities.

They travelled to London, Canterbury, and Margate by train, to explore and then shop or dine on their own.

They met the locals, spoke their language, saw the sights.

They sampled British food and culture, and concluded:

Broadstairs is fun - and will be for many years to come!
